LIFE-CHANGING TREATMENT for Mood, Anxiety and Trauma-Related Disorders

Pathlight Mood & Anxiety Center bridges a gap in treatment for mood, anxiety and trauma-related disorders by filling the monumental need for mental health care that sits between acute psychiatric hospitalization and weekly outpatient therapy visits. With evidence-based individualized treatment plans, Pathlight Mood & Anxiety Center offers specialized treatment at all levels of care designed to break the endless cycle of patient crisis care, and guide patients on a path to long-lasting mental wellness.

Formerly known as Insight Behavioral Health Centers, our name was changed to Pathlight Mood & Anxiety Center because it describes our commitment to light the way forward for our patients and their families. Through our intensive, multidisciplinary approach, we partner with our patients and their families to help them learn to manage their symptoms, as well as understand the underlying concerns impacting their behavior and emotions. We provide them with the tools and support needed to rebuild resilience and transform their lives.
